CERTIFICATE GUIDANCE - EXAMPLE ONLY

Example of the type of immunization/EPI training certificate required for this vacancy

The sample below has been redacted to remove the participant name, signatures and other personal identifying details. The training title and institutional information are shown only to help applicants understand the expected type of certificate.

What the submitted certificate should clearly show

• The applicant's full name.
• A training title related to Immunization in Practice (IIP), EPI, immunization services, or an equivalent recognized immunization course.
• The training provider / organizing institution.
• Training completion date or period.
• Evidence that the certificate is authentic (for example, signature, stamp, certificate/CPD information, or other provider verification).

Note: Certificate design may differ from this example. The hospital will review the relevance and validity of the submitted training certificate during recruitment.
